

# A word that is imbedding itself in our language. Soon to appear in all good dictionaries:

What Webster's will say about it:

B-E-V-O, (n.) [*OF. beuvee. <beuve, drinking. <beure, drink. <L. bibo, drink.*] A delicious non-alcoholic beverage, noted for its purity, nutritive qualities, sparkling golden color and richness of natural flavor of the ingredients from which it is manufactured. Became nationally popular, with all classes, in a single season. Created by Anheuser-Busch, St. Louis, and manufactured in great quantities in the most modern, sanitary and perfect beverage plant in the world.

Synonyms: None. Antonyms: About 200 imitations put up in bottles similar to the Bevo package, and bearing names as nearly like Bevo as the law will permit.

Derivative: Bevoer—one who constantly enjoys the best of soft drinks.

## Why Lack Of Iron In The Blood May Be Costing You Money Every Day

Many a Capable Man or Woman Falls Just Short Of Winning Because They Don't Back Up Their Mentality With Physical Strength and Energy

Get some of the money—don't let the other fellow have it all—just because you are too weak, nervous and run-down to go after it with the same vim that gets him what he wants. Make yourself a man of blood and iron—a woman of power and vitality.

"Many a capable man or woman falls just short of winning because they don't back up their mentality with the physical strength and energy which comes from having plenty of iron in the blood," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. "Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it robs him of that virile force, that stamina

and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. To help make strong, keen, red-blooded Americans there is nothing so valuable as organic iron—oxidized iron. It often increases the strength and endurance of weak, nervous, run-down people in two weeks' time."

Manufacturers' Note: "Oxidized iron" is recommended by physicians and which is now being used by over three million people annually, is not a secret remedy but one which is well known to druggists everywhere. Unlike the other iron preparations, it is easily assimilated and does not irritate the stomach. It builds up the blood and gives the system a new lease on life. It is the only iron preparation that will build up your strength. It is dispensed in this city by all good druggists.

Sold in this city by Johnston & Caine and S. B. Street & Son.

while Wednesday.

Messrs. J. W. Bailey and G. W. Bassinger motored to Columbus Friday.

## POLES TO COME DOWN.

As a result of a conference held between the Street Committee of the City Council, Messrs. L. W. Stevens, L. A. Vaughan, and Mr. J. C. Hay, division superintendent of the Cumberland Telephone Company, with headquarters in New Orleans, a tentative agreement has been arrived at between the city and the company for the removal of the telephone poles from the business section of Columbus which is to be paved.

Mr. Hay presented figures to the committee showing that it would cost his company something like \$39,000 to do this work and they asked that they be allowed three years to do the work in and that instead of putting all of the wires underground in the business district that they be allowed to use the alley ways in the rear of the business blocks to install their wiring. To undertake the work at once according to Mr. Hays, to put the wires under ground, would require a large force of men and the entire task would have to be completed before the paving of the streets and could not be completed before paving began. By distributing the task over a period of three years all of the poles would be removed and the task of paving would not be retarded at all. Even with the use of the alleyways in the rear of the buildings it will be necessary to install a certain amount of conduits and these will be installed along the side walks and where these are injured the wire company will restore them.

This arrangement has not been acted upon by the Council yet, but it is probable that it will be approved at an early session.

## TWO BOND ELECTIONS NEXT WEEK.

The section west of the river will vote on good road bond issues next week, the elections to be held on Friday, August the 29th. The people of the Artesia Road Taxing district will vote on the question of issuing bonds up to ten per cent of the assessed valuation of all the property in that district for road building purposes and the people for District No. 4 will vote on issuing bonds to five per cent of the assessed value of the property in that district for road building purposes.

## MR. MALONE TO RETURN.

Rev. E. Lucian Malone and family will return this week from North Carolina where they have spent a month's vacation. Mr. Malone will conduct the usual service at St. Paul's next Sunday.

## Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Thedford's

## Black-Draught

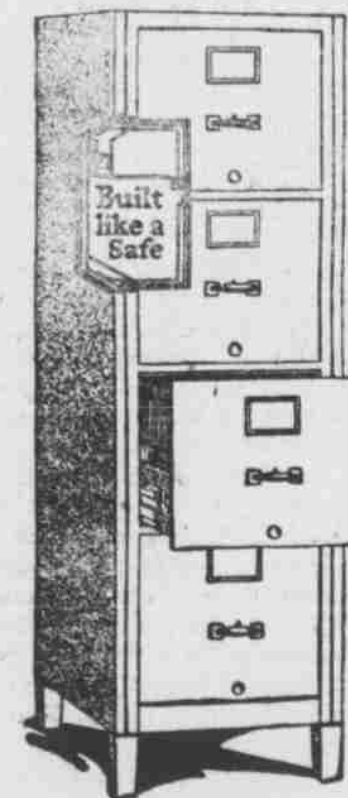

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Thedford's. 25c a package. E-75

## System-planning SERVICE

—without charge

4,000 "Y and E" Products  
Efficiency, Desks, Fire-Wall Steel Cabinets, "Y and E" Ward Cabinets, Record Filing Sales, Etc.

The biggest thing about a "Y and E" Fire-Wall Steel Filing Cabinet is not necessarily the "Built Like a Safe" construction—not the double steel walls, nor the asbestos interlining, nor the dead air chambers at the top, bottom, front, sides and back. It is not the Safety Drawer Latches, nor "Y and E" Frictionless Rollers.

The biggest feature of all is the "Y and E" System. "Y and E" offers you efficient system planning service without charge. It is this service which transforms your office equipment from so much wood and metal into a vital working part of your business.

"Y and E" Service is Free

A phone call or letter from you will bring a system planning expert who is competent to work out a modern and efficient system which will save money to your business. Write for free booklet "Vertical Filing Down to Date."
